

NTRA accredited test labs

This document lists NTRA worldwide accredited labs. This document is liable to update by NTRA whenever any change takes place in it.

Each type approval scheme has its own accredited labs. Applicant should read Type Approval Scheme Determination Flow Chart published in [Type Approval Procedure web page](#) to know which scheme is applied on the product.

1) Light Scheme Accredited Labs:

Table I lists the Light Scheme accredited labs.

Table I: Light Scheme Labs

Country	Light Scheme accredited labs
China	1) Labs mentioned in <u>Table IV.</u> 2) Labs having ISO17025 accreditation in testing scope from <u>following two accreditation organizations</u> : 2.1) China National Accreditation Service for Conformity Assessment (CNAS) 2.2) Any other accreditation organization located in any of the privileged countries* and registered in International Accreditation Forum (IAF). Reports issued by these labs are accepted after assessment by NTRA on case by case basis.
Other Countries	1) Labs mentioned in <u>Table V.</u> 2) Labs having ISO17025 accreditation in testing scope from an accreditation organization registered in IAF.

* Privileged Countries include EU countries, England, USA, Canada, Russia, Australia, Japan, South Korea, Singapore and (Taiwan/ PRC).

2) Intermediate Scheme Accredited Labs:

Table II lists the Intermediate Scheme accredited labs.

Table II: Intermediate Scheme Labs

Country	Intermediate Scheme accredited labs
China	Labs mentioned in <u>Table IV.</u>
India	Labs mentioned in <u>Table V.</u>
Privileged Countries*	Labs having ISO17025 accreditation in testing scope from an accreditation organization registered in IAF.
Other Countries	N/A

* Privileged Countries include EU countries, England, USA, Canada, Russia, Australia, Japan, South Korea, Singapore and (Taiwan/ PRC).

2) Tight Scheme Labs:

Table III lists Tight Scheme accredited labs which contains two groups: **Group A** and **Group B**. Applicant should read Type Approval Scheme Procedure published in [Doc 02](#) to know which group of labs he can choose from at each step in the procedure.

NOTE: Reports issued by **Group B** labs need prior approval from a **Group A** lab after review and assessment in coordination with NTRA.

Table III: Tight Scheme Labs

Country	Group A accredited labs	Group B accredited labs
China	Labs mentioned in Table IV	At the moment, no lab is listed. NTRA updates and publishes this group labs periodically. Labs satisfying the following requirements and willing to be added are encouraged to contact NTRA for assessment. 1) Have ISO17025 accreditation in relevant testing and inspection scopes from an accreditation organization registered in IAF. 2) Have one or more testing branches located in any of the privileged countries* and having ISO17025 accreditation in relevant testing scopes from an accreditation organization registered in IAF.
India	Labs mentioned in Table V	Labs having ISO17025 accreditation in testing scope from an accreditation organization registered in IAF.
Other Countries	None	

* Privileged Countries include EU countries, England, USA, Canada, Russia, Australia, Japan, South Korea, Singapore and (Taiwan/ PRC).

Table IV: NTRA **Group A** accredited labs in China.
